Hiring Team
150 Kirts Blvd, Ste. B
Troy, MI 48084

Dear Hiring Team,

I am writing to express my interest in the Junior Web Developer position that was advertised by your company on Indeed. As an aspiring web developer eager to learn and grow, I believe this opportunity aligns perfectly with my goals and skills.

I am currently in the final semester of my Computer Science program at Oakland University, with graduation set for May. Over the course of my education, I have built a solid foundation in front-end technologies such as HTML, CSS, and JavaScript. Additionally, I have hands-on experience with React, Java OOP, C++, and MySQL. My academic journey has not only equipped me with the technical knowledge to create web and software applications but has also allowed me to develop important soft skills, including problem-solving, communication, creativity, and teamwork.

I am eager to bring these skills to your company and further enhance them through real-world, professional experience. I am excited about the opportunity to contribute to your team and believe this role would be an excellent way to both apply my knowledge and continue growing in the field of web development.

I would welcome the opportunity to discuss my qualifications further. Please feel free to contact me at (248) 961-0205 or via email at pep020501@gmail.com. Thank you for your time and consideration.

Sincerely,

Philip Przekora
